

January 29, 2010

Dear Arizona Southern Baptists,

Thank you so much for your participation in Disaster Relief and our ongoing efforts to reach people with the message of Christ. We are excited to offer another state-wide training for Disaster Relief on March 12-13, 2010, at First Southern Baptist Church of Scottsdale, 5230 N Scottsdale Road.

Please use the enclosed flyer and registration form to encourage those around you that already have or desire to be trained in any of the areas being offered at this two-day event.

Friday night will be a great worship experience and celebration of what God has done in Disaster Relief in the past year. We will be recognizing workers for their participation in 2009 and offering the primary session of Involving Southern Baptists in Disaster Relief.

There is a special need this year for medically trained professionals as we look into long term response for the nation of Haiti. Please encourage any doctors or active registered nurses to attend the special breakout concerning future responses to Haiti and the medical needs.

This year to help offset the cost to those desiring training, we are offering a limited amount of space for people to stay on the campus at First Southern Baptist Church, Scottsdale. Those wishing to stay must reserve a spot by calling the state office and talking with Tracy Baker.

If you have any further questions please consult our website at [www.arizonadisasterrelief.org](http://www.arizonadisasterrelief.org) or feel free to call Arizona Southern Baptist Convention office at 480-945-0880 or 800-687-2431.

Serving you to reach Arizona for Christ,

*Mitch McDonald*
